Calls answered day or night. OFFICE—Christie's livery barn. Phone at barn 226; at residence 229

A. F. BRUNOW, DENTIST.

All work done in a skillful manner. German spoken. No 6 S. Chestnut St., Seymour.

Twenty-two years of actual practice enables us to perfectly fit glasses. Our prices are the lowest and our goods the best that cash can buy. Eyes fitted free. Call on E. M. YOUNG, 124 South Chestnut street.

RIPANS

The simplest remedy for indigestion, constipation, biliousness and the many ailments arising from a disordered stomach. Liver or bowels in disorder, and they timely aid removes the necessity of calling a physician for many little ills that beset mankind. They go straight to the seat of the trouble, relieve the distress, cleanse and cure the affected parts, and give the system a general toning up. The Five Cent packet is enough for an ordinary occasion. The family bottle, 50 cents, contains a supply for a year. All drug-stores sell them.

DYNAMITER'S WORK

Jilted Lover at Chicago Wrecks Fearful Revenge On Girl's Family.

TWO INSTANTLY SLAIN

Dynamite Bomb Placed Beneath the House of Joseph Kordeck Creates Fearful Havoc.

Father and Infant Blown to Shreds and Other Members of Family Hurt.

Chicago, Nov. 3.—A dynamite bomb, the weapon of a deranged assassin, blew up the home of Joseph Kordeck in Chicago Heights Sunday, killing two members of the family outright and injuring several others. The house was set on fire and burned, while that of a neighbor caught fire and was also destroyed. The dead: Joseph Kordeck, 40 years and legs blown off; Lucy Kordeck, aged two years, body blown to pieces.

The injured: Mrs. Lucy Kordeck, flesh blown off right side, injured internally, may die; seven children who escaped were injured, but not seriously.

The explosion occurred while the family was asleep. The father and mother, with the daughter Lucy, occupied a room in the front of the cottage. On the other side were rooms occupied by the rest of the family. The cottage stood two feet from the ground, on wooden posts. The bomb was placed under the room occupied by the parents, and the impact of the explosion tore a hole in the floor, blew the bed to pieces, dismembered Kordeck and scattered into fragments the body of Lucy, who was sleeping with her parents. Pieces of flesh the size of a man's hand were the largest remnants of the child's body that could be found. The force of the explosion was directly upward, and tore a piece of flesh from Mrs. Kordeck's side and blew her through a window. The noise aroused the rest of the family, and they had hardly time to escape from the flames which soon destroyed the cottage. Kordeck's body, torn to shreds, was found in the debris after the fire.

Charles Smith, a former boarder at the Kordeck house, who was paying attention to one of Kordeck's daughters, has been arrested charged with the crime. The Kordeck girl was to have been married to another man next week. Smith declares he is innocent, but neighbors declared that he had made threats to them that if the girl refused to be his wife he would blow up the entire family with dynamite. Smith was absent from his room at the time of the explosion. His roommate, Thomas Koblinksi, claims that Smith returned to his room greatly excited shortly after the explosion.

STRIKE COMMISSION

Is Now Investigating the Hazelton District.

Hazelton, Pa., Nov. 3.—The mine strike commissioners arrived at Hazelton this morning to spend four days in further acquainting themselves with the physical features of mining. They have not decided how they will divide their time while in the middle and lower districts. It is definitely decided that not more than four days will be devoted to the trip.

Assistant Recorder Neill was left behind to receive the miners' statement from President Mitchell today. On Thursday it is expected the operators' counter statement will be presented. The commissioners will then take a recess until Friday, Nov. 14, by which time the two parties will be expected to have completed the preparation of their cases and be ready to go on with the hearings. The commissioners will also devote the interim to preparation for the hearings by acquainting themselves with the details of the two statements.

Caught at Crossing.

Elgin, Ill., Nov. 3.—Frank and Louis Schutte and Chas. and Jas. Woodrich were killed early Sunday at Algonquin, Ill., where the milk express on the Chicago and Northwestern railway struck their carriage on the crossing of the main street of the village. All were killed instantly except Louis Schutte, who died at a hospital. The young men had started to drive to Dundee before daylight and did not see the train on account of the darkness and the cover of their buggy.

Doukhobors' March.

Yorkton, N. W. T., Nov. 3.—Several of the men who composed the Doukhobor pilgrimage have returned here. One of them came to Agent Creaser and asked for the clothing and blankets which he had discarded on the march. When asked if he intended returning to his village he replied that that was his intention. Word was brought in that several of the men were in an exhausted condition on the line of march between here and Brandon.

Dismissed From Army.

St. Petersburg, Nov. 3.—The Official Messenger announces the dismissal from the army of the Grand Duke Paul Alexandrovitch, who is an uncle of the czar.

CONSERVATIVE ESTIMATE

It Is Now Felt That Republicans Will Win By 20,000.

Indianapolis, Nov. 3.—The most conservative estimates made today are that the Republicans will carry the state by not less than 16,000 nor more than 20,000. Most of the betting on pluralities are on those figures. Some of the Republican leaders, however, believe that the state ticket will be elected by over 25,000. But there is a silent vote that makes matters doubtful. If the Republicans were sure of getting out their full vote the betting would be lively that they would have a plurality of at least 30,000, but with the prospect of a light vote the best forecasters are not willing to bet that the plurality will be that heavy. However, there is no doubt of the outcome. The election tomorrow will insure the return of Charles W. Fairbanks to the United States senate and another Republican administration of two years.

If Booth Tarkington has not obtained enough material in his brief campaign for the legislature for several new stories, his friends and admirers will lose some of their regard for his versatility. He was put on the ticket in the primaries by his friends, who regarded the action some what in the nature of a joke, but he ran like a racehorse, having no trouble in getting a nomination. He was away most of the summer, but since his return he has been right in the thick of the campaign. He is not a shining light as a speaker, but as a mixer he is rivaling the well-known Taggart, who is perhaps the champion "mixer" of the state. Men are betting now that the author politician will run ahead of his ticket. A funny thing happened at one of Tarkington's meetings. He was accompanied by Lew Shank, candidate for recorder, who is the wag of the county ticket. Shank gave away huge, black-looking campaign cigars, and the men accepted them with the usual avidity. But Tarkington, who is a good spender, came around with small, but fine, 10-cent smokers. But size counted. Some of the men thought Tarkington was trying to bunco them with small cigars, and they remarked that he ought to make a good, economical representative. The joke was much appreciated by Tarkington and his friends.

One interesting feature of the speculation regarding the outcome of the state election is the size of the vote the Socialists will poll. The Socialist leaders are not agreed. At their headquarters some estimate that they will poll 6,000, while some go as high as 25,000. The party has never polled more than 4,000 votes, but in view of the drift toward state socialism lately, many believe that the Socialists will greatly increase their strength. There has been no advocacy of what is known as state socialism, in Indiana. It is said that the Socialist leaders object strongly to their propaganda being confused with the so-called new doctrine, but nevertheless it is likely that the general talk of government ownership that sprung up during the anthracite strike will result in a greatly increased Socialist vote. The Socialists have been more active than ever before, but they will not be numerous enough to become a balancing power.

The betting was quite lively here today, although not half as much money will change hands as during the campaign two or four years ago. The Republicans have had to give odds, but this is natural, owing to the fact that they now control the state offices, nine congressional districts and the legislature. But little betting is being done on general results, but a good deal of Democratic money is being offered that the Republicans do not win by 15,000 in the state. There is also considerable betting on the number of congressmen each party will get, but the most money will change hands here on the county ticket, as a desperate fight is being made for three or four county offices.

The speaking campaign ended today with a few meetings. It was a coincidence that Senator Fairbanks addressed the principal meeting for the Republicans at Kokomo, while John W. Kern rang down the curtain for the Democrats at Covington. The outcome of the election tomorrow will determine which of these men shall go to the United States senate. Senator Fairbanks of course will not have an opposing candidate among the Republicans, and while there is much talk of B. F. Shively and others, Kern is regarded quite widely as the logical candidate of the Democrats for the senate.

Finding For Plaintiff.

Shelbyville, Ind., Nov. 3.—Several weeks ago Alice B. Bankert, living near Morrisstown, Shelby county, brought suit in the Shelby circuit court against the Court of Honor for \$1,000. The case was brought to a close Saturday afternoon, a verdict being rendered in favor of the plaintiff for that sum and interest on the same from April, 1901. The cause of action was on an insurance policy for \$1,000, being held by Quincy K. Bankert up to the time of his death in April, 1901. He was at the time of his death engaged in blowing up stumps on a farm with dynamite, the defense being that he was engaged in a prohibited occupation.

Cracked the Safe.

Jasper, Ind., Nov. 3.—Burglars blew the safe of John Wiobels & Sons, merchants, St. Anthony, and secured \$450.

ACTIVE LADRONES

Authorities In the Philippines Still Having Trouble With Bandits.

RUTHLESS SLAUGHTER

Because Presidente of a Village Was Friendly to Americans He and Wife Were Slain.

While His Children Were Carried Away Captive By the Vengeful Ladrones.

Manila, Nov. 3.—A portion of a gang of ladrones which has been operating on the island of Biliran (just north of the island of Leyte), where they committed various outrages, crossed over the island of Leyte last Wednesday and entered a small town near Carigara. Here they captured and beheaded the presidente of the town, murdered his wife, whom they slashed with bolos, and abducted the presidente's children. The motive of this crime is said to have been the presidente's friendliness with the Americans.

Ladrones are again active in the provinces of Rizal and Bulacan, Luzon. Members of the native constabulary engaged these bandits twice during the past week at points close to Manila and succeeded in killing a number of them. The constabulary are capable of suppressing these ladrones.

Reports received here indicate that the situation on the island of Samar is better than has been recently represented. A number of Dios Dios or religious fanatics are still operating there, but officials report that the Samar police are able to handle the situation.

SENT TO BOTTOM

Collision On Ocean Between English and Spanish Ships.

London, Nov. 3.—The British steamer St. Regulus, Captain McMullen, from Shields for Alexandria, has put in at Gravesend. She reports having collided with and sunk the Spanish steamer Enero, Captain Delgado, from Huelva, Spain, Oct. 22. With the exception of three members, the crew of the Enero were drowned. The accident occurred Friday night off Dun-geness. The Enero was an iron steamer of 1,322 tons net register. She was 282 feet long and was built in 1898, Newcastle-on-Tyne. The Enero was owned by the Compania Bilbania de Navegacion, of Bilbao.

The captain of the St. Regulus says that when his vessel struck the Enero he gave the order for full speed ahead with the idea of keeping the two vessels locked together and thus enabling the crew of the Spanish ship to board the St. Regulus, but either they were too greatly alarmed to do so or they failed to understand his purpose, and instead of climbing on board the British ship they tried to lower a boat, with the result that a number were thrown into the sea and drowned. The Enero sank in a few minutes. The explosion of her boilers probably killed many others of her crew.

A Plague of Darkness.

Tapachula, State of Chiapas, Mex., Nov. 3.—Growers on neighboring haciendas will suffer great loss owing to the fact that their stock cannot procure food, the fields being covered with ashes from the Santa Maria volcano. The brooks are choked with ashes and cinders and all the neighboring roads are covered. Diligent investigation shows that there was no loss of life during the recent disturbances. Reports from towns across the Guatemala border show that the alarm was intense, everybody fearing a similar fate as befell the people in Martinique and St. Vincent. What most impressed everyone was the darkness which prevailed for more than two days.

Deadly Gridiron.

Knoxville, Tenn., Nov. 3.—Walter Cole, full-back of the Tennessee deaf and dumb school football team, is reported dying as a result of injuries received in a game played at Maryville, Tenn., Saturday. He has a broken collarbone and serious internal injuries. Cole's home is in McKeesport, Pa.

Will Arbitrate.

Little, Nov. 3.—A meeting was held here Sunday between delegates of the coal companies and the striking coal miners in the department du Nord. Failing to come to an agreement, it was decided to refer the question of an increase in the miners' wages to arbitration.

Cholera At Jerusalem.

Jerusalem, Nov. 3.—There have been 494 deaths from cholera here and 78 at Ghuzze during the past week. Great distress prevails at Lydda because of the total inadequacy of medical aid there to cope with the disease.

An Indiana Feud.

Petersburg, Ind., Nov. 3.—"Lum" Houchens, brother of County Treasurer C. D. Houchens, was killed Saturday night by a man who is said to be one Bradberry, whose brother "Lum" had killed several months ago.

MEMORIAL PILGRIMAGE

Notable Outpouring at Europe's Greatest Cemetery.

Vienna, Nov. 3.—One-third of the population of Vienna made pilgrimage Saturday and Sunday, All Saints day and All Souls day respectively, to the Central cemetery of Vienna. The pilgrims started in the early morning and returned late at night. Some went on foot, while others used vehicles of all descriptions. It is estimated that 600,000 persons visited the

EMPEROR FRANCIS JOSEPH I.

graves in the cemetery on these two days. The pilgrims all carried wreaths and before the tombs and in the long grass burned countless candles. The sparsely occupied parts of the cemetery presented a weird and picturesque spectacle.

The monuments to Mozart, Beethoven and Schubert, as well as the place where are buried the 600 victims of the Ring theater fire of 1881, attracted thousands of visitors. This cemetery is the largest in Europe and contains 622,000 graves. Emperor Francis Joseph and other members of the royal family placed wreaths upon the coffins of the empress and of Crown Prince Rudolph, in the vaults of the Capuchin church.

"Eddie" Bald Wins.

Paris, Nov. 3.—"Eddie" Bald, the American bicyclist, won the interna-

tional scratch bike race at the Parc des Princes Sunday afternoon. The distance was 1,458 yards. Bald's time was 2 minutes 33 1/5 seconds.

Amnesty Proposed.

Kingston, Jam., Nov. 3.—The British steamer Trent arrived here Sunday from Colon, Colombia. She brings reports that the Colombian rebels are still to be seen in the vicinity of the Isthmus and that they occasionally appear in the towns along the railroad line. It is reported that the terms of a settlement between the revolutionists and the Colombian government are at present under consideration, and it is believed these terms provide for an armistice of ninety days, during which time a joint commission composed of members of the governmental and the revolutionary parties are to frame a new constitution which is to give equal rights to all persons.

Jockeys Want Damages.

Paris, Nov. 3.—The hearing of the suits brought by J. Reiff and Milton Henry, the American jockeys, against the Jockey Club for damages for having deprived them of their licenses, has been fixed for Nov. 10. The jockeys claim \$40,000 damages.

Found Dead.

Miller, S. D., Nov. 3.—Major Campbell, an old soldier who resided here, was found dead in his room Sunday with his throat cut. His home is in a lonely gulch. It is not known whether the man was murdered or committed suicide.

Marconi's Hopes.

Halifax, N. S., Nov. 3.—A dispatch from Sydney, C. B., says that preparations for the final test of the Marconi wireless system have already commenced and that the inventor anticipates the complete success of the system.

Fatal Wreck.

Schenectady, N. Y., Nov. 3.—A freight brakeman was killed and a freight conductor slightly injured in a rear-end collision between two freight trains west of this city on the New York Central last night.

STATE NEWS NOTES

Incidents and Accidents and Doings of Note Throughout Hoosierdom.

IMMENSE PEAT BEDS

High Coal and Scanty Gas Stand a Chance of Being Robbed of Their Terrors.

Inexhaustible Peat Beds in Howard County Supplement Northern Indiana Deposits.

Kokomo, Ind., Nov. 3.—A peat deposit, supposed to cover several hundred acres, has been discovered four miles northeast of this city, in Howard township. The peat bed is on the farms of William Needler, Dawson Wilson, James Murray, W. W. Barnes and J. M. Leeds. It was tested as a substitute for coal by Mr. Leeds. An eight-inch cube was ignited in a room 12 by 14 feet and it made the room too hot to be endurable for a period of five hours. The depth of the deposit is unknown, but a sixteen-foot excavation failed to touch bottom. The owners will develop and market the peat as a substitute for coal and natural gas.

New Indiana Resource.

Crown Point, Ind., Nov. 3.—Capitalists are considering the advisability of investing in the peat industry in Indiana. Peat is a fuel that is little used in this section of the country, but it is claimed that some of the best peat bogs in the country are to be found in northern Indiana. Those who are promoting the enterprise have samples of the fuel and they indicate that the industry would be successful in Indiana.

TAR AND FEATHERS USED

Methodist Church Is Desecrated By Vandalism at Brazil.

Brazil, Ind., Nov. 3.—Intense excitement and indignation prevails here over the desecration of the elegant new Methodist church by persons tarring and feathering the west steps and doors and the large sign stretched across the building announcing the revival meetings now in progress. It is believed that the work was done by persons who took exception to assertions made by the Rev. C. F. Barrett of Delaware, O., who has charge of the meetings. He arraigned members of the church in no uncertain terms for attending dances, and stated that this city contained more women of loose morals than any other town of its size he had ever visited.

Big Securities Company.

South Bend, Ind., Nov. 3.—Articles of incorporation have been filed with the county recorder by the Electric Railway Securities company, representing a capitalization of \$5,000,000, probably the largest amount ever named in incorporation paper filed in any county in Indiana. The company will have its main office and headquarters in South Bend. Its object is to purchase the securities of electric railroads. The company will purchase lands and buildings in Indiana for the erection and establishment of manufacturing plants with the view to manufacture electric railroad appliances. Those interested in the corporation are reticent about the personnel of the company, its directors and the exact mode of operations, but state that some prominent men in electric railway circles are directly interested, among them officials of the Union Traction company.

Sets Them to Thinking.

Marion, Ind., Nov. 3.—The sudden death of seven old soldiers, members of the National Soldiers' home in this city, has aroused the veterans' suspicion that all is not right. Within the past two weeks seven men have been found dead in their beds after a night of drinking at near-by saloons. Believing that drugs have been placed in the liquor, a petition is now being circulated among the 2,500 members of the home to refrain from drinking for ninety days. Over 1,200 members signed the petition.

Keeping His Secret.

Elkhart, Ind., Nov. 3.—The horsethief arrested through the vigilance of the sheriff at Danville, having in his possession two horses and a buggy stolen at this place, was brought here by Sheriff Bowen. He refuses to disclose the names of his confederates, but it is generally thought he was assisted by local talent.

Recovery Doubtful.

Elkhart, Ind., Nov. 3.—Dr. Harry Gulmyer was sent to jail in default of \$10,000 bond after waiving examination on the charge of shooting with intent to kill. Gulmyer's victim, Miss Lulu Barney, has grown weaker and is kept under the influence of opiates. The doctors say her recovery is extremely doubtful.

Caught in a Wreck.

Marion, Ind., Nov. 3.—Word has been received in this city that Walter Rhodes of Marion was fatally injured in a railroad wreck at Georgetown, Tex. He was employed as advance agent of one of Gentry's dog and pony shows.

A BRUTAL PATH

Kentuckian Ruthlessly Kills Little Son For Petty Mischief.

Inez, Ky., Nov. 3.—Pleasant Spradling, held for killing his four-year-old son and his fifteen-year-old daughter, is threatened with lynching. Spradling's family consist of wife, three daughters and a son. With his daughters and boy the father was herding sheep last Friday. The boy was unable to keep up with the others. The father placed him on a stone beside a spring, telling him to wait until his return. The boy, becoming tired of sitting still, began to peel the loose bark off a tree that overhung the spring. Presently the father returned and noticing the bark on the ground, asked the boy who had done it. The boy replied that he had. "I would rather have you dead than raise you to destroy everything on the farm," is the reply the father is said to have made, and it is charged that he picked up a stone and struck the boy on the head, knocking him down. Then, it is alleged, he kicked the prostrate baby in the head until he had killed him, and, turning to his daughters, threatened them with a like fate if they ever told what had occurred. Afterward he went home and said the boy while chasing sheep had run against a tree and killed himself.

Becoming alarmed, he took his oldest daughter and went to the mountains. His wife hired neighbors to bury the body of the child, and then went to the home of Judge E. Hensley. She told him of the death of her son and said she suspected her husband, who told her he was going into the mountain woods to hunt squirrels, and added that at different times he had threatened to kill the whole family. The judge took her with her two younger daughters to his home and presented the case to the grand jury. One of the little girls told the jury that her father had kicked the boy to death. Shortly afterward a sheriff's posse captured Spradling in the mountains, but his eldest daughter was not with him. The posse began searching for her, while he was held on the charge of murder.

Spradling's missing daughter turned up later, barefoot and ragged after her escape from her father in the mountains. She was immediately taken before the grand jury and testified to how her father killed the boy, threatened her life and that of her mother. She testified that he would have brained them heretofore but for the interference of neighbors. Judge Hensley has the jail so strongly guarded that there is no longer any danger of lynching. Spradling will be given a speedy trial.

Town Fire Swept.

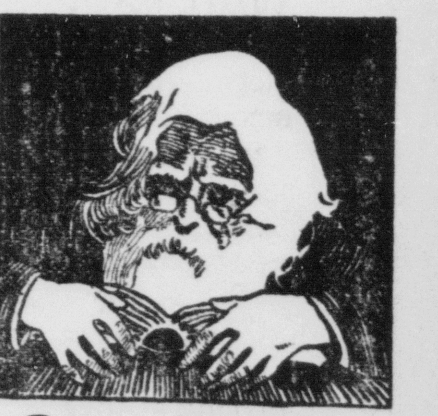

St. Johns, N. F., Nov. 3.—The town of St. Pierre, Miquelon, has been devastated by fire. A destructive conflagration started Saturday night and swept the main portion of the town. The governor's house, the government buildings, the court house, the building occupied by the ministry of marine, the Roman Catholic cathedral, the Presbytery, the schools and a number of other buildings were destroyed. The extent of the disaster is very far-reaching, and the financial loss will probably reach half a million dollars. There was no loss of life.

Killed On Crossing.

Youngstown, O., Nov. 3.—Herbert J. Hoffman, aged twenty-two, and Florence Carroll, aged nineteen, were killed by an Erie passenger train last night. The couple were out for a pleasure ride and their carriage was struck by the train. Hoffman was the son of Fred Hoffman, a leading lumber dealer.

Who?

Who, while in power, increased our state debt? Who, while in power, reduced our state debt?—Greenfield Globe.

Growing Old

Ought not to mean growing weak and feeble. It does not mean weakness or feebleness for those who eat with good appetite and sound digestion. It is of the utmost importance that old people should retain the power to digest and assimilate food which is the sole source of physical strength. When age brings feebleness it is generally because of the failure to assimilate the nutrition contained in food.

Dr. Pierce's Golden Medical Discovery cures diseases of the stomach and other organs of digestion and enables the perfect digestion and assimilation of food. It invigorates the liver and promotes general physical well being.

"It is with gratitude we acknowledge what Dr. Pierce's medicine has done for grandmother's good. In fact it has cured her," writes Miss Carrie Ranker, of Perryburg, Ohio. "She had doctored with several physicians but found no relief until Dr. Pierce advised her what to do. She has taken only three bottles of 'Golden Medical Discovery' and is entirely well. She suffered with pain in kidneys, bladder and liver for ten years, and her limbs were swollen with dropsy so bad she could hardly walk. My grandmother's name is Mrs. Caroline Hennen, her age is 79 years. I will gladly answer all letters of inquiry."

Sick people are invited to consult Dr. R. V. Pierce by letter, free. All correspondence is held as strictly private and sacredly confidential. Dr. Pierce's Pleasant Pellets regulate the bowels.

66
NONE SUCH
MINCE MEAT

The housekeepers of America are saying it every time they go to the grocery store—that's why we put their daily order in quotation marks. The quotation is the echo of universal applause—the voice of the folks who used 12,000,000 packages of NONE SUCH last year. If your grocer can't fill your order, write the Merrell-Soule Co., Syracuse, N. Y.,—they'll tell you of one who is wider awake. NONE SUCH costs ten cents a package (enough for two large pies, a plum pudding, a fruit cake, or a batch of hermit cookies.)

A LAST WORD.

THE voter who is still in doubt as to his duty tomorrow will have opportunity for final reflection tonight. Every vote should be intelligently and justly cast for one party or the other. We can all remember the experiences of the last democratic administration. We heard the sarcastic cry of "where's your prosperity?" as soon as the republican party succeeded to power. No such question is now asked. The country was never before so prosperous as now. No man who really cares to work has been idle this year. Our democratic neighbors said a few years ago that they also would vote the republican ticket if these promises were fulfilled. Every promise has been kept to the letter. Will you now keep your promise, made either publicly or in secret and to yourself? Parties ought to be rewarded or punished according as they deserve. This brings good government and secures its continuance. Republican administration in this state has worked a wondrous change for the better—the debt has been almost wiped out, and will be in a few years wholly paid so far as the same is due.

The penal institutions have been made a model for all states and expenses greatly reduced. Laws fixing the hours and prices of labor upon public works, and protecting the rights of labor in private employment have been passed and enforced.

The republicans passed the mortgage deduction law by which the poor man whose home is covered by a mortgage secures a just allowance for taxation on that account.

All the factories and mills of the country were set in motion, and are being rapidly enlarged by republican policy. A vote tomorrow against these policies means calamity to business of all kinds. Don't vote carelessly or you may have time to regret it. If you are pleased with what the republican party has done for your country and your state, don't be too cowardly to say so by your ballot tomorrow. No party in so short a time ever did so much that deserves your approval. No party could do more. Consider well and you will vote for a continuance of good money and of good times, and vote the straight republican ticket.

Vote for Dr. Virgil Able for coroner. He is a successful young physician and a clean and capable young man. Vote for him.

Vote for George Single for county surveyor. He is the best surveyor in Jackson county. The people over the county know him and trust him fully. Give him your vote and earnest support.

The republicans of Jackson county present a superior county ticket this year. It is made up of representative men who will do their whole duty by the taxpayers. Vote the republican county ticket.

For commissioners vote for Herman Grogg, William Armbruster and Ralph Jones. Elect them and they will stand between the taxpayers and all kinds of official extravagance. They are honest men and believe in economy.

For Advisory Board—Chas. W. Milhouse, John Oosting and Dr. W. M. Carey.

For Road Supervisors—Oscar Fisher, district No. 1; George C. English, No. 2; Jos. N. White, No. 3; Wm. O. Shepard, No. 4.

Vote early tomorrow.

Vote for the continuance of prosperity.

Get out and vote and help get out the vote.

Make a cross with the circle surrounding the eagle.

Be sure you know how to mark your ballot. See instructions on fourth page.

In 1892 a majority of the voters thought they wanted a change. They voted for it and got it. You remember what that change meant to the people. Four years of panic followed. Hard times continued until President McKinley was inaugurated. Certainly the people do not want a change now. Vote to continue prosperity by voting the republican ticket.

REMEMBER that since 1860 the state debt has increased during every period of democratic control in Indiana, but that during every period of republican control in the state since 1860 the state debts have been reduced. The republican party believes in and practices economy. Put the republican party in power in Jackson county and the county debt will be reduced, just as the republican party in state affairs is paying off the state debt.

This judicial district is entitled to a good prosecuting attorney. Sam Hudson is not a good one as everybody knows. He has been tried and shown to be a flat failure. He is incompetent. We do not believe the people of the district want an incompetent man for prosecutor, therefore we believe they will elect John M. Lewis. He is eminently qualified for the place and every one can vote for him with a clear conscience. Mr. Lewis is a good lawyer, energetic and painstaking in all that he does. A vote for John M. Lewis will be worthily bestowed. The voters of Seymour and Jackson county, Mr. Lewis' home county and city, know that he is in every way worthy of their support and vote. Give John M. Lewis your vote tomorrow. Jackson county should roll up a big majority for him.

DYSPEPSIA

And indigestion, the most common ailments of mankind, can be cured by the use of Hostetter's Stomach Bitters. It has a record of fifty years of such cures back of it and will not disappoint you now. If you are a sufferer from these complaints, or Inaction, Nervousness or General Debility, be sure to try it. Our private stamp is over the neck of the bottle.

WORTH MILLIONS

But Could Not Buy Bread. So Goes the Story.

Like the Man at Klondike, Who Died of Starvation, with His Hat Full of Gold.

Many Die Yearly, with Means of Salvation on Hand, Were They But Able to Use Them.

Physicians the world over have known of and believed in the virtues of cod liver oil. They have also realized its drawbacks and the impossibility of administering it where it would do good. Doctors have seen hundreds of people die of consumption and other wasting diseases, whom they knew might have been saved had they only been able to take enough cod liver oil to obtain from it a sufficient amount of the medicinal principles which it contained.

It is not necessary to go to doctors to know why cod liver oil has not been a popular remedy, or to realize how few people are able to take enough of it to do them any good. The many who have needed the attempted to take this nauseating remedy, if they are still in a position where they need cod liver oil, are the ones who should throw their hats in the air and shout their joy from the housetop at the news which comes to us of Vinol.

These are the people who will never forget the name of this new remedy, nor will they ever cease to thank Mr. Peter of the W. F. Peter Drug Co., our prominent druggist, who has become famous in the past few days, on account of his connection with the Boston firm who have introduced this same remedy.

How simple it all sounds, now that we know of it. Here Mr. Peter has, right in his store, a preparation that looks like and tastes like delicious wine. It is a delicious wine, only there has been added to it this extract of the cod's liver, this peculiar special extract of the curative principle, the means of obtaining which is the only discovery about Vinol. We do not believe there is an invalid in this city suffering from throat, lung or bronchial troubles, or in fact any wasting disease, but has already interested himself in this preparation.

Mr. Peter is kept busy explaining its merits and telling his many friends how it is now possible to take all that is necessary of cod liver oil, or Vinol, its concentrated active medicinal principles, to overcome disease. It has not been a difficult matter for him to explain, as he has done, the absolute uselessness of the grease itself and to demonstrate the great value of the medicinal properties of the liver of the cod. It has not been necessary for him to tell sufferers from such troubles that fat does not make fat, but simply upsets and disarranges the stomach.

There are many people right here in our city who know from but a few days' experience how much benefit they are deriving from this preparation, and who have already learned that the medicinal properties of Vinol act in a most wonderful manner in breaking the symptoms of disease, while at the same time enabling the stomach to assimilate and digest from palatable, every day food, the necessary nourishment to renew tissue depleted by disease.

Mr. Peter is justly pleased at the success that will attend the connection he has made with prominent Boston firm who are putting up this preparation, and justly deserves all the fame and profit that will attach themselves to his name, on account of his enterprise in introducing Vinol to our city.

"CORN—UCOPIA."

A New Variety Promising Plenty.

A few years ago, a new variety of corn, for which many good points are claimed, was originated on the Scott county farm of George W. McCaslin. The stalks are ordinary in height and thickness with the usual number of leaves, but these are a little shorter and narrower than those of the common varieties. It is in the number of ears—each stalk bearing from two to seven of medium size—that this variety is unique. The grains are white, solid and flinty, growing in even rows and very close together, making a well-shaped ear; they grade well and weigh fully sixty pounds to the shelled bushel.

J. H. Hodapp, the corn broker and miller, who first introduced the variety here, describes it as "fine as silk." His first experiment was in growing ten rows each 200 feet long, on ordinary soil and without fertilizing or extra care in cultivation, from which he garnered thirteen bushels. It is claimed that under ordinary conditions the average yield of this variety will be fully 100 bushels to the acre.

"Cornucopia" is the name given to this new corn and, if all the promises claimed for it are made good, it will surely prove to be "a horn of plenty." John M. Brown, the Seymour grocer, raised a considerable quantity of this corn this season, which he is disposing of to those who desire it for seed. He is so well pleased with the result of his trial culture that he will grow it much more extensively next season.

JOHN AULD FORSYTHE,
Seymour, Nov. 3, 1902.

Foley's Honey and Tar for colds; reliable, tried and tested, safe and sure. All druggists.

Revival Meetings.

The revival services at the Holiness Christian church that is now being conducted by the Railroad Evangelist, E. A. Ferguson of Mt. Vernon, Ill., out rivals any that has been here for years. The house is crowded to overflowing every night and the altar is filled with weeping penitents. Some forty-five or fifty have been either saved or sanctified. The peculiar characteristic of these meetings is the fact that when the penitents come forward to the altar for prayer—most of them scream and pray with uplifted

hands until they get relief from God and then rise and shout and go all over the house shaking hands with the people and praising God. It puts one in mind of early days when the Methodists of this country had such scenes around their altars.

Mr. Ferguson was raised a Methodist and preaches the Wesleyan doctrine of entire sanctification. He hits from the shoulder and calls things by their right name. Mr. Ferguson is widely known throughout the country as a very successful evangelist and has conducted quite successful meetings in Chicago, St. Louis, Denver, and Boston and many other places. It will be remembered that Mr. Ferguson was one of the leading evangelists that conducted the great revival in Chicago, last March a year ago in the First Methodist church on Washington street where one thousand people were either converted or sanctified in one week.

These services will continue throughout the week. Everybody is invited to attend. You will have to come early to get a seat.

COMMITTEE.

A Pound to a Grain,
Is what this grocer is telling an inquiring customer. "Yes, Madam, this is just one of the little details that have made Chase & Sanborn's Coffees famous everywhere. This can, as you see, is one of the pound cans that contains their Seal Brand Coffee. You will notice that the contents weigh exactly one pound to a grain. They have a machine that weighs this to the most minute accuracy."

Chase & Sanborn's High Grade Coffees.
Every bean of Coffee sold by Chase & Sanborn comes from coffee plantations that are famous for the crop of berries that they raise—then too, every grain is selected by experts, roasted by experts, packed and handled by experts, so it reaches the consumer as near perfect as it is possible. Insist on your grocer giving you Chase & Sanborn's Coffees if you would have pure coffee; that is the best, no matter whether you buy their Seal Brand or any one of their high grade coffees which come in richly colored, parchment-lined, imported tins. The fact that Chase & Sanborn's Seal and name stands behind their coffees is a sufficient guarantee of superiority.

Can be had only at the Model Grocery.

Working at Linton.

August Cordes, Will Cordes and Charles Decker returned Saturday evening from Linton where they put the slate roof on and did the galvanizing iron and tin work for the new school building being built there by the Travis C. Carter Company. Cordes' cost for the work they did amounted to \$1,500. They have been over there three weeks and pushed their work rapidly as they always do and of course did a good job. This school building will be quite a credit to Linton when complete. It will probably be done in about six weeks.

Coroner's Notice.

After viewing the dead body of Carl P. Faust and taking the evidence of witnesses I find that he came to his death by asphyxia.

H. R. KYTE,
Deputy Coroner.

Attention Soldiers!

Having been appointed a notary public, I will be at W. R. England's late office on Tuesday Nov. 4th to execute pension vouchers. All business of this kind is solicited.

Mrs. Sam Crow, of Seymour, was the guest of Mrs. Fannie Wells, yesterday. * * * Wm. H. Shea, went to Seymour last evening. He will return to his home in Denver some time this week.—Columbus Times.

FOUND DEAD IN HIS ROOM.

Carl P. Faust Dies of Asphyxia.

Saturday evening Carl P. Faust was found dead in his room at the residence of Mrs. Albert Meyers. The evidences about indicated that his death was due to suffocation or asphyxiation.

Friday night he came from down town and went up to his room at Mrs. Meyers' about 11 o'clock. Saturday morning he did not come down to breakfast, which was not unusual for he frequently remained in his room until late in the day. When noon was passed and he failed to report there was some uneasiness. He was called but no response came from his room. Neighbors were called and entered his room and found him dead on his bed. The room was filled with smoke and gas that came from a lighted lamp. His face and clothing were black from the smoke. He had probably been dead for hours.

Dr. H. R. Kite, deputy coroner, was called and made an examination of the body and took the testimony of witnesses and decided that his death was due to asphyxiation.

"Mr. Faust had been in Seymour about four months. He was rather decrepit and was frequently seen on the street with a roll of music. He had papers to show that he was a musician of some ability and had held some responsible positions. He gave some music lessons while here. Nothing is known here of his relatives. He had on his person about \$3 in money and a gold watch.

His remains were buried Monday forenoon. Rev. Severinghaus conducted religious services.

A Startling Surprise.

Very few could believe in looking at A. T. Hoadley, a healthy, robust blacksmith of Tilden, Ind., that for ten years he suffered such tortures from rheumatism as few could endure and live. But a wonderful change followed his taking Electric Bitters. "Two bottles wholly cured me," he writes, "and I have not felt a twinge in over a year." They regulate the kidneys, purify the blood and cure rheumatism, neuralgia, nervousness, improve digestion and give perfect health. Try them. Only 50c at W. F. Peter's drug store.

Voting Places.

The voting places in the precincts of Jackson township have been selected as follows:

- No. 1. 611 North Ewing street, at F. W. Wesner's residence.
- No. 2. 322 East Fourth street, at Mrs. Buck's residence.
- No. 3. 26 East Second street, at Mike Fox's shoe shop.
- No. 4. 222 East High street, at Mrs. Mann's residence.
- No. 5. 30 East High street, at McQuarter's residence.
- No. 6. 532 South Poplar street, at Henry Alkes' residence.
- No. 7. 115 South Chestnut street, in William Meseke's old stand.
- No. 8. 621 West Laurel street, at Wm. Aussenberger's residence.
- No. 9. 212 North Pine street, at Mrs. Elrod's residence.
- No. 10. At Seymour Opera House.

Luck in Thirteen.

By sending 13 miles Wm. Spirey, of Walton, Pa., got a box of Bucklen's Arnica Salve that wholly cured a horrible fever sore on his leg. Nothing else could. Positively cures bruises, lacerations, eruptions, boils, burns, corns and piles. Only 25c. Guaranteed by C. W. Milbous, druggist.

Foley's Honey and Tar always stops the cough and heals the lungs. Refuse substitutes. All druggists.

The Little Wonder

Air Tight Wood Heater

Just the thing for a quick fire these cold mornings. Will hold fire longer than any other stove made. You get more heat from fuel consumed in these stoves than in any other make.

HERE'S A BARGAIN:

HEATER 30 in. long, 17 in. wide, 39 in. high from floor to urn **\$2.00**

Seymour House Furnishing Company,
F. VOSS, Manager.

5 Per Cent. Money to Loan

ON FARM AND CITY PROPERTY

LOANS WILL NOT BE CONSIDERED ON CITY PROPERTY OF LESS VALUE THAN \$2500
